Nonnegative definite hermitian matrices with increasing principal minors

Friedland, Shmuel

Page 1

Published Online: 10/02/2013

OPEN ACCESS

Factorizable matrices

Fiedler, Miroslav / Hall, Frank J.

Page 3

Published Online: 10/02/2013

OPEN ACCESS

A note on the determinant of a Toeplitz-Hessenberg matrix

Merca, Mircea

Page 10

Published Online: 10/02/2013

OPEN ACCESS

A note on majorization transforms and Ryser's algorithm

Dahl, Geir

Page 17

Published Online: 10/29/2013

OPEN ACCESS

Pairs of k-step reachability and m-step observability matrices

Ferrante, Augusto / Wimmer, Harald K.

Page 25

Published Online: 11/15/2013

OPEN ACCESS

On the inverse of the adjacency matrix of a graph

Farrugia, Alexander / Gauci, John Baptist / Sciriha, Irene

Page 28

Published Online: 11/29/2013

OPEN ACCESS

An approach based on matrix polynomials for linear systems of partial differential equations

Shayanfar, N. / Hadizadeh, M.
